Your failed resolutions report for the month

This section of the report provides a list of DOI resolution attempts that failed (i.e. resolved to a Handle) and contains both the failed DOI and number of failures.

Your failed DOI resolutions for this month can be viewed in [csv format](#).

Prior to June 2020, we removed resolutions made by known machines (or, bots) using a monthly filter. We have removed these filters for this report and are presenting you with all monthly resolutions. No filters. On average, more than 25% of resolutions are made by known machines. You can learn more about this change from [our blog](#).

Key terms defined from this section

Resolution attempts is the same as total "resolutions" above.

Resolved at handle is the number of resolutions that successfully looked up at doi.org.

Handle failures is the number of resolutions that failed to look up at doi.org, either due to a technical error or a broken link.

Resolved at local link server counts resolutions that were looked up at local link servers.

Successful resolution counts by publication title

The number of total DOI resolutions per title.

Publication Title

Environment & Health

Hygiene of populated places

Title Undetermined

Key terms defined from the failed resolutions report

Unique DOIs attempted is the number of unique DOIs represented in the total "resolutions attempted" column.

Unique DOIs resolved at handle is the number of unique DOIs represented in the "resolved at handle" column.

Unique DOIs that failed at handle is the number of unique DOIs represented in the "handle failures" column.

Unique DOIs resolved at local link server is the number of unique DOIs represented in the "resolved at local link server" column.

The attached file, if present, contains all of the DOIs that failed to resolve followed by the count indicated in the "count" column. "na" - means that data is not available for that month and type.

Resolution failure rate

The overall resolution failure rate (the percentage of DOI resolution attempts that failed) for all publications is zero or the overall average please investigate to determine the cause.
